Forecast for Wednesday 08 Jun 2022

Weather: A cloudy or dull day with showery rain reaching the Ochils early morning, then spreading north to impact most ranges by midday, although Aberdeenshire Hills and northeastern Cairngorms staying mostly dry. Showery rain mostly easing my late afternoon but remaining cloudy, with extensive low cloud cover through the evening.

Chance of cloud-free hill tops above 800m: 30% early morning, 50% for the rest of the day, 20% through the evening. Aberdeenshire Hills and northeastern Cairngorms fairing best.

Low Cloud and visibility: Occasional low cloud around 400-600 m early morning, especially southeastern upslopes. Some improvements through the day although low cloud persisting in the south and east. Very poor visibility within cloud otherwise good occasionally moderate in rain or showers.
